Full Professor of Medical Statistics

9/2018 - current

Full Professor of Medical Statistics

Department of Public Health and Paediatrics, University of Torino (Italy)

▪ Main activities and responsibilities:

- Since 2002, member of the Italian team of the international multicentre HBSC (Health Behaviour in School-aged Children) study. Updating and development of the methodology used for sampling and statistical analysis of data; design, analyses and drafting of papers on temporal trends of obesity, weight reduction, perceived health and life satisfaction in adolescents; since September 2021 co-Pi of the Italian team
- Since 2002, member of the national coordinating team of HBSC study. Planning, implementation and analysis of the results of the Italian study, with the specific responsibility for the design and the sampling of schools, the management and quality control procedures of the related databases; analyses of data; collaboration in the drafting of the national reports
- Statistical and epidemiological support for clinical studies. Design, management of clinical database, analyses, writing manuscripts for publication in peer-reviewed journals
- Since 2022, Director Postgraduate School of Biostatistics, University of Torino
- Teaching clinical epidemiology and biostatistics in the Bachelor Course of Medicine and in postgraduate courses at the School of Medicine (University of Torino, Italy)

Sector Research, Teaching

6/2015 – 9/2018

Associate Professor of Medical Statistics

Department of Public Health and Paediatrics, University of Torino (Italy)

- Member of the Italian team of the international multicentre HBSC (Health Behaviour in School-aged Children) study.
- Member of the national coordinating team of HBSC study.
- Statistical and epidemiological support for clinical studies.
- Teaching clinical epidemiology and biostatistics in the Bachelor Course of Medicine and in postgraduate courses at the School of Medicine (University of Torino, Italy)

Sector Research, Teaching

3/2001 – 6/2015 Assistant Professor of Medical Statistics

Department of Public Health and Paediatrics, University of Torino (Italy)

- Member of the Italian team of the international multicentre HBSC (Health Behaviour in School-aged Children) study.
- Member of the national coordinating team of HBSC study.
- Statistical and epidemiological support for clinical studies.
- Teaching clinical epidemiology and biostatistics in the Bachelor Course of Medicine and in postgraduate courses at the School of

Sector Research, Teaching

8/1995 – 3/2001 Research Assistant

Unit of Cancer Epidemiology, Department of Medical Sciences, University of Torino (Italy)

- Collaboration in the activities of the Register of Malignant Mesotheliomas of Piedmont (detection, registration, management and analysis of incidence and survival rates according to exposition and geographical and temporal characteristics)
- Collaboration in the activities of the Piedmont Child Cancer Registry (management, analysis and drafting of papers on incidence, survival rates and temporal trends)

Sector Research

Publications

Bibliometric Indicators of Impact (5 October 2022)

Scopus: 113 publications, 4711 citations, H-index: 37

ISI Web of Science: 117 publications, 3209 citations, H-index: 32

List of publications

1. Borraccino A, Marengo N, **Dalmasso P**, Marino C, Ciardullo S, Nardone P, Lemma P, The Hbsc-Italia Group. Problematic Social Media Use and Cyber Aggression in Italian Adolescents: The Remarkable Role of Social Support. INT J ENVIRON RES PUBLIC HEALTH (2022); 19:9763
2. Bellisario V, Comoretto RI, Berchiolla P, Koumantakis E, Squillacioti G, Borraccino A, Bono R, Lemma P, Charrier L, **Dalmasso P**. The Association between Greenness and Urbanization Level with Weight Status among Adolescents: New Evidence from the HBSC 2018 Italian Survey. INT J ENVIRON RES PUBLIC HEALTH (2022); 19:5897
3. Pierannunzio D, Spinelli A, Berchiolla P, Borraccino A, Charrier L, **Dalmasso P**, Lazzeri G, Vieno A, Ciardullo S, Nardone P. Physical Activity among Italian Adolescents: Association with Life Satisfaction, Self-Rated Health and Peer Relationships. INT J ENVIRON RES PUBLIC HEALTH (2022); 19:4799
4. Charrier L, Bersia M, Vieno A, Comoretto RI, Štelemėkas M, Nardone P, Baška T, **Dalmasso P**, Berchiolla P. Forecasting Frequent Alcohol Use among Adolescents in HBSC Countries: A Bayesian Framework for Making Predictions. INT J ENVIRON RES PUBLIC HEALTH (2022); 19:2737
5. Bersia M, Berchiolla P, Charrier L, Lemma P, Borraccino A, Nardone P, Pierannunzio D, Ciardullo S, Comoretto

- RI, **Dalmasso P.**
Mental Well-Being: 2010-2018 Trends among Italian Adolescents.
INT J ENVIRON RES PUBLIC HEALTH (2022); 19:863
6. Marengo N, Borraccino A, Charrier L, Berchiolla P, **Dalmasso P**, Caputo M, Lemma P.
Cyberbullying and problematic social media use: an insight into the positive role of social support in adolescents data from the Health Behaviour in School-aged Children study in Italy.
PUBLIC HEALTH (2021);199:46-50
